The motorized beds from Otten (Germany) gives your body the comfort and support needed by individually adjusting the firmness for the lumbar zone. Frames or full upholstered beds are available in various sizes.

4 different models to choose from

- Laminated beech wood frame with multi-zone technology
- High quality slat holders in 'Highdrell', rail covering (as above)
- The degree of firmness can be adjusted individually for each slat holder to fit all multi-zone mattresses
- Individual adjustment of firmness in the middle area over 6 sprung slats
- Extra large sprung slats at head and foot part for a better stability of the mattress

Starting from €440 for a 90x190cm bed

Head and foot part motor adjustable

- independent dual motors, individually controllable, TUV approved
- power cut out and emergency lowering
- overload protection
- head part reclinable into sitting position
- additional short head part to use as head or neck rest
- foot part with orthopedic relax adjustment for spinal disc relief

Naxxar Road & Balzan Valley, Balzan BZN 11, Malta. Tel: 2144 2667, 2144 0670
