Malta fails to raise Israeli shooting of Maltese activist at EU level

KARL SCHEMBRI IN GAZA

THE Maltese government has failed to raise the Israeli shooting of Maltese activist Bianca Zammit in Gaza at the European Union's meeting of foreign ministers Monday, despite Tonio Borg's pledge to involve the EU on the incident.

Last Sunday Foreign Minister Tonio Borg promised to raise the issue

at the European foreign ministers' meeting in Brussels, saying he would speak to his counterparts about the incident in which Zammit was shot by Israeli soldiers during a peaceful demonstration in Gaza the day before, held Saturday.

But in reality Borg failed to make any mention of the incident that could have had much more serious consequences.
